Syvertsen Named Stockholder and Associate at Mueller Associates

Baltimore, MD—February 2013

Tom Syvertsen, PE, LEED AP, a mechanical engineer and project manager with the Baltimore-based engineering firm Mueller Associates, has been named a stockholder and associate. Syvertsen has been with the firm since 2002.

Syvertsen has managed many of the firm's most prominent and challenging projects, including work at a number of colleges and universities throughout the Mid-Atlantic region. Key projects have included the Graves School of Business and Management at Morgan State University; the Performing Arts & Humanities Building at the University of Maryland, Baltimore County; the Cordish Lacrosse Center at Johns Hopkins University; and the Integrated Science & Engineering Building at the University of Delaware.

Syvertsen also provided mechanical engineering services for the new Monticello Visitor & History Center in Charlottesville, Va.

Syvertsen is a registered professional engineer in Maryland. He holds a Bachelor of Engineering from Messiah College and is a LEED Accredited Professional.

About Mueller Associates

Established in 1966, Mueller Associates delivers mechanical, electrical, plumbing, and fire protection engineering services for cultural facilities, museums, higher education institutions, libraries, performing and fine arts centers, historic preservation, government facilities, and other institutional and corporate facilities. Mueller specializes in engineering solutions for complex and stringent environmental control and energy conservation. The firm is a leader and innovator in sustainability and resilience.

Current and recent projects include the renovation of the historic Hirshhorn Museum and Sculpture Garden; the new Capital One Hall in Tysons, Virginia; George Mason University's new Fuse at Mason Square in Arlington, Va.; the Fernandez Family Center for Innovation and Collaborative Learning at Loyola University in Baltimore; the renovation of Carrington Hall at the University of North Carolina's Nursing School in Chapel Hill, N.C, and numerous projects for Northrop Grumman Corporation throughout the Baltimore-Washington University.
