Daphne Sarra Promoted at Mueller Associates

Baltimore, MD—January 29, 2024

Mueller Associates, a Baltimore-based mechanical, electrical, and plumbing engineering firm, has announced the promotion of Daphne Sarra to the position of Marketing Coordinator. This achievement is a testament to Sarra's exceptional skills, dedication, and significant contributions to the company's success. She has had various responsibilities, encompassing marketing, business development, accounting/billing, and general office administration. Sarra's adaptability and commitment are essential in our dynamic and collaborative environment, where many team members handle multiple roles.

Sarra, a 2021 graduate of the University of Maryland, College Park, where she earned her B.A. in Communications, has been an integral part of the Mueller team since 2022. She has played a pivotal role in shaping the company's social media presence as well as developing and maintaining the company's website. To promote team engagement, Sarra launched a pilot TikTok account, bringing a fresh and interactive dimension to our internal communication. This initiative has strengthened team spirit and provided a creative outlet to share insights and experiences within the company.

Beyond her marketing responsibilities, Sarra has demonstrated a remarkable commitment to diversity and inclusion. She played an important role in showcasing the significance of Hispanic Heritage Month. Through her efforts, she has organized events, created informative content, and celebrated the rich cultural tapestry of our team, fostering a sense of unity and appreciation. She actively participates in the Workplace/Social Committee and is a member of the Society of Marketing Professional Services (SMPS) Maryland Chapter.

"As someone deeply committed to fostering collaboration and embracing the challenges of a dynamic work environment, I believe in the power of teamwork and adaptability," says Director of Business Development and Marketing, Jason Dittrich. "And, in her role as Marketing Coordinator, Daphne exemplifies these values. Her promotion is a well-deserved acknowledgment of her outstanding contributions."

About Mueller Associates

Established in 1966, Mueller Associates delivers mechanical, electrical, plumbing, and fire protection engineering services for cultural facilities, museums, higher education institutions, libraries, performing and fine arts centers, historic preservation, government facilities, and other institutional and corporate facilities. Mueller specializes in engineering solutions for complex and stringent environmental control and energy conservation. The firm is a leader and innovator in sustainability and resilience.

Current and recent projects include the renovation of the historic Smithsonian Institution's Hirshhorn Museum and Sculpture Garden and the new Bezos Learning Center; the new Mitchell Hall engineering building at Virginia Tech; the new performing arts Capital One Hall in Tysons, Va.; George Mason University's new Fuse at Mason Square in Arlington, Va.; the Fernandez Family Center for Innovation and Collaborative Learning at Loyola University in Baltimore; the renovation of Carrington Hall at the University of North Carolina's Nursing School in Chapel Hill, N.C., and numerous projects for Northrop Grumman Corporation throughout the Baltimore-Washington University.
